

Dear Parent or Guardian:

I am using a system called E4Effort with my students. The system is designed to encourages strong effort by students for being ready, participating, staying on task and following class rules.

As part of the system each student has their own Student Portal where they can view their effort scores, badges, effort shares, and other information. Parents, Guardians, and other family members can also view their student's portal by signing on to be a "*Guardian*" of the portal – see number 3 below.

E4Effort scores are updated in real time. To check scores:

1. Go to the web address: <https://app.e4effort.com> or just "app.e4effort.com"
2. Choose the "Click Here for Student Access" button.
3. Enter the student's access code (received from their teacher); **OR** if the student's teacher or school signed up through Clever – use Clever credentials
4. If the access code does not work a) make sure that you have not included a space at the front or back of the code, b) check to see if you are using "1's" instead of "l's" or vice versa.

-----Cut here, return bottom portion to your teacher-----

Student Name _____

1) Were you able to sign in to your E4Effort Student Portal? _____

2) List your 2 most recent E4Effort scores: write down **the date, category and score**.

3) From my Student Portal (check if completed):

_____ My parent or guardian signed up as a *Guardian*. (Use the "*Guardian*" button on the left side-panel.)

_____ (Optional – to replace access code at sign in) I went to "*Settings*" (click on button in upper right corner) and entered a real or made-up email and a password. This is not applicable for Clever sign-ins.

4) Have your parent or guardian sign below.

My child showed me their E4Effort Student Portal at <https://app.e4effort.com/>

_____ YES, I would like my student to participate in this classroom effort system

_____ NO, I do not want my student to participate in the classroom effort system

Signed: _____
